

Hey!

I think you
should know,

there is nothing
your parents are
more proud of...

...than YOU!

You make them
SUPER HAPPY!

More than
ice-cream,

or
puppies,

or
sunny
days.

BUT...

Your parents don't agree on *everything*.

Sometimes they
make each other
really upset,

...and really **ANGRY**.

While they've tried
hard to get along,

...they realised that
if they stayed living in
the same place, things
would get very unhappy
for everyone.

So they
decided it
was better

to live
in two
separate
homes,

...and that seems
a bit scary...

pretty sad...

...and certainly not what
you were expecting...

But
neither
of them
could
bear
to be
without
you
for
too
long.

So they make sure that
they both see you lots,

and
read you
stories,

...and make you dinner

and take you
to fun places!

So even though your parents don't agree on everything, the one thing they are both sure of is that you are **AMAZING...**
